SUBANG, JAYA: About 120 guests attended the launching ceremony of one of the most luxurious spas in town, The Spa and Med Beauty at The Saujana here.

With a rainforest setting, the spa offers the ultimate environment for relaxation and rejuvenation. The Spa and Med Beauty has six single spa villas and two double spa villas, two beauty studios, a spa boutique and four beauty treatment rooms.

The spa incorporates Eastern healing traditions from countries like India, Tibet and Bali, Indonesia while its skin-care range comes from the prestigious Med Beauty Swiss of Switzerland.

The anti-ageing skin care products used at the spa were created by Swiss dermatologist Dr Harald Gerny 19 years ago. It is now available in Asia.

Among the guests were Tourism Minister Datuk Seri Dr Ng Yen Yen and Rimbun Asli Sdn Bhd chairman Tan Sri Mohd Razali Abdul Rahman.

"It is an ideal escape for city dwellers who wish to 'recharge' but do not have the time to take off for a night or two," said Razali. — *By K. Harinderan*
