## SKIN-REFINING PRODUCT LINE

### REFINED FRUIT ACIDS FOR A RADIANT COMPLEXION

*Zurich-based dermatologist Dr. Harald Gerny founded Med Beauty Swiss in 1991. He was inspired by the idea of combining active medical ingredients with cosmetic principles to develop skincare products designed to provide visible results. The comprehensive Med Beauty Swiss product range works preventively and includes dermatological solutions for all skin conditions.*

#### **Highest Quality**

Our products are selected and manufactured according to the highest standards of quality and compatibility.

#### **Medicine and Cosmetics**

Our skincare products optimally combine a long-standing tradition in advanced cosmetics with the latest scientific research. Made in Switzerland.

#### **Research & Development**

We invest substantially in scientific research and product

development based on the newest active agents and ingredients from leading Swiss biochemical laboratories.

#### **Special Attention and Care**

As the body's largest sensory organ, the skin needs special attention and care. A trained Med Beauty Swiss cosmetician advises you and provides skincare solutions with satisfying results.

**We look forward to caring  
for you – and your skin!**

## A MORE BALANCED COMPLEXION

## FOR FIRMER SKIN AND INCREASED RADIANCE

Based on its complex of refined fruit acids, the **GLYSKIN** range of skincare products enhances both the quality and the surface of the skin.

### Best substances

High quality skin improvement with refined fruit acids: To make **GLYSKIN**, we transform glycolic acid extracted from sugar cane into a glycol-citrus complex, using a patented procedure. This ensures a significantly improved effect without causing irritation.

### Consistent skincare

Using **GLYSKIN** regularly refines the upper layer of the skin step by step. The glycol-citrus complex light-

ens pigmentation spots, is ideal for impure, large-pored or leathery skin and in-grown facial hair. Soon the skin appears fresher, smoother and more supple.

### Winning formula for your beauty

The patented efficacy profile of **GLYSKIN** perfectly combines high effectiveness and skin compatibility without unwanted side effects. For healthier skin you can immediately see and feel.

## CONSISTENT CARE RESULTS IN AN IMPROVED COMPLEXION

*We developed **GLYSKIN** to refine the outer layer of the skin and generally to improve the skin's quality.*

A complex of refined fruit acids enables this line of care products to achieve its effects. We extract its glycol-citrus complex from the juice of sugar cane. It lightens pigmentation spots, is ideal for impure, large-pored skin and in-growing facial hair. When used regularly, it significantly improves cell regeneration and your complexion becomes radiant once more.

GLYSKIN

# GLYSKIN GENTLE CLEANSER

## Cleansing gel, right down to the pores

**GLYSKIN GENTLE CLEANSER** is the soap-free cleansing gel in this result-focused product line. It cleanses the skin deep into the pores, while at the same time neutralizing any excess oils.

## Ideal pH values

**GLYSKIN GENTLE CLEANSER** works thanks to its formula of ideal pH values. This allows it to prepare the skin perfectly for subsequent care with active products.

# GLYSKIN TONIC

## A burst of freshness

Using **GLYSKIN TONIC**, let your skin experience wonderful ocean essences, the direct feel of sea salt minerals and refined fruit acids. Enjoy the fresh and pleasant sensation.

## And amazing moisture

As well as the invigorating feeling, **GLYSKIN TONIC** restores valuable moisture and minerals to the skin. The natural balance is restored so that subsequent active products can take better effect.

**Tip:** Combine with warm water to create a gentle and thorough cleansing foam.

## GLYSKIN MASK

### Firming face mask

Thanks to its combination of refined fruit acids and healing earth, **GLYSKIN MASK** refines the pores of your skin, leaving you with a clear, fine and firm complexion. The mask's effects last for up to 24 hours.

**Tip:** Have you got an important day coming up? We recommend applying **GLYSKIN MASK** the evening before for a fresh complexion, firm and supple skin, as well as for the perfect base for your make-up.

## GLYSKIN LOTION

### Balances the skin

With its skin-lightening effect, this active product was specifically developed to meet the needs of large-pored, coarse skin. The skin appears finer and fresher, with fewer wrinkles and lines. Also ideal in cases of adult acne or in-grown facial hair.

**Advice:** GLYSKIN LOTION PLUS is particularly intense and should only be applied after a lengthy period of acclimatization of the skin by using GLYSKIN LOTION.

## GLYSKIN LOTION PLUS

### Intense effect with a boost of fruit acids

The fruit acids contained in **GLYSKIN LOTION PLUS** are twice as concentrated as those in **GLYSKIN LOTION**. As a result, particularly rough, coarse or hard skin is transformed, becoming fresh, smooth and supple once more. Pigmentation spots are also visibly reduced.

## GLYSKIN BODY POLISH

### Peeling with bamboo particles

Der **GLYSKIN BODY POLISH** is a highly effective peeling product containing purified fruit acid and bamboo particles for clear, better looking skin.

### Improves the effect of skincare products

**GLYSKIN BODY POLISH** gently removes excess skin cells. Skincare products applied afterwards soak into the skin much better, so that they can release their full effect.

## GLYSKIN BODY LOTION PLUS

### Youthful, fresh looking skin

**GLYSKIN BODY LOTION PLUS** is a fast-absorbing body lotion containing highly concentrated, purified fruit acid for silky-soft, youthfully fresh skin. Perfect for dry, rough skin and ingrown hairs.

### For the finest skin

**GLYSKIN BODY LOTION PLUS** restores your skin's fine natural texture, getting rid of dead skin cells and moisturising dry skin.

**Tip:** Apply to the skin 1-2 times a week in the evening (you may feel a slight tingling). Important: Do not depilate the skin 12 hours before or afterwards.

## A HIGHLY EFFECTIVE SKIN POLISHING CONCEPT

### THE ACTIVE INGREDIENT IN **GLYSKIN** IS PURIFIED FRUIT ACID.

*We have developed a concept for countering ageing processes. Here you can learn all about the positive effects for your skin.*

## IMPROVED SKIN QUALITY FOR YOUR FACE AND BODY

Das **GLYSKIN** concept with its unique glycitro complex for face and body represents a new dimension in skin regeneration in cosmetics and medicine for an array of different skin problems. It is more effective than conventional fruit acid peels and at the same time less likely to irritate the skin.

#### ✔ **Glycocitro complex**

Using a patented process, the glycolic acid extracted from sugar cane is purified to formulate a glycocitro complex containing the tiniest of molecules that can penetrate into the skin easier. This makes the products more effective while at the same time reducing the likelihood of skin irritation.

#### ✔ **Skincare for face and body**

**GLYSKIN** offers a comprehensive line of home facial and body

skincare products containing the glycocitro complex in varying concentrations for a stimulating effect on the skin.

#### ✔ **Mechanism**

**GLYSKIN** improves the skin's texture, dissolves horn cells and thins the horn cell layer. More skin moisture is retained, acne scars become much less visible, and low pH values support the skin's natural protective acidic layer. The **GLYSKIN** concept speeds up cell division and increases the number of connec-

tive tissue cells to stimulate collagen growth. Regular use contributes to a finer, smoother complexion.

### Results

**GLYSKIN** noticeably improves skin quality and contributes to more resilient, firmer and smooth skin. Pore size is noticeably reduced for a radiant complexion and a younger, fresher appearance.

### Applications

- Dryness
- Keratinization disorders
- Ingrown hairs
- Skin ageing
- Light and sun damage
- Hyperpigmentation
- Age spots
